

PAX A80

Mobile Tablet Terminal

Powered by Android

The PAX A80 is SmartDesktop payment terminal powered by the Android operating system. The A80 is a PCI P2PE device and is integrated with Bluefin's PayConex® payment gateway, providing our merchants and partners a seamless processing option backed by the highest level of security with our PCI-validated Point-to-Point Encryption (P2PE) solution.

Packed with the latest PCI PTS 5.x, SRED, and NFC contactless certifications, A80 delivers the highest payment security and protects transaction privacy. Equipped with a built-in camera, high definition 4-inch touchscreen display, and multiple network connectivity, A80 delivers the best user experience to the modern consumers.

Open Android OS | 4" touch screen | Double injection | Dual Camera & 2D scanner | Ethernet Connectivity | PCI PTS 5.x certified
